Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Time was winding down for the people of Earth. War has broken out all across the lands. Evil ran rampant in the forms of deadly Androids, mindless drones and killer soldiers that the Crowne Cross unleashed on sleeping humanity. The target was all those who opposed the hideous treatment of the Draecons from the outer planet called Warlistein from the star system Mesopea. Not only was the people in harm s way, Femi and her King Zuri battled the worst kind of triple threats ever assembled in the known universe. Equipped only with Akhenaten s staff and the sword of the Nibu, they masterfully slayed thousands of Jalwalkz and the Five Terrors with help from their fellow soldiers, the lwatchers. Many citizens of Earth fought right alongside of the heroes making victory a dream within their reach. The planet was vacated by Femi and the 144,000 thousand and left to the ones who wanted to create a new beginning for the people. Earth, as it once was known before, was no more enveloped in its rich, green wonder, yet instead it became a wasteland of souls trying to find where each one belonged. Seeing this, the Annuaki came to the conclusion that it could not render what it was before after so much degradation the Draecons placed on her, so they naturally did what they had to do. This is their journey, the epic tale of Kemetstry.
