

How to Read London: A crash course in London Architecture (Paperback)

Filesize: 6.91 MB

Reviews

An exceptional publication as well as the font employed was exciting to see. it was actually writtern extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

The Ivy Press, United Kingdom, 2018. Paperback. Condition: New. 1st edition. Language: English . Brand New Book. Over 2,000 years of settlement give London its unique architectural heritage. Unlike Haussmann's Paris, neither monarch nor politician imposed their will; private ownership and enterprise shaped the city and defined its parts. Elegant West End squares and crescents hallmark the Classical townscape that emerged between 1600 and 1830, but medieval, Tudor and Victorian enclaves identified by occupation, class or guild make their own design statement, notably in the City and East End. From its renewal after the Great Fire of 1666 as a centre of commerce, culture, finance and as a railway hub, the seat of power and law, How to Read London reveals through the built environment how London's domestic, civic and commercial landscape has evolved and adapted from imperial capital to global city.
