Entrepreneur Press. Paperback. Book Condition: new. BRAND NEW, Moonlighting on the Internet: Make an Extra \$1000 Per Month in Just 5-10 Hours Per Week (2nd Revised edition), Shelby Larson, Jay Kubassek, Yanik Silver, Unlike other publication with topics of the same nature, this book does not encourage you to "make money from home in your underwear," or present "the magic-bullet plan to making millions." However, it does provide legitimate solutions to creating an extra paycheck for the short term and establishing a continual revenue stream for the long term--giving consideration to time, lifestyle, and other common limits. A "moonlighter" of eight years, author Shelby Larson has created a seven-figure business, multiple six figure businesses and has failed at many other online opportunities in between. Bringing her experience with success (and failure) from seeking income from the internet, Larson covers business models in the areas of freelance services, digital and information products, affiliate marketing, Amazon webstores, and eCommerce. Each area of opportunity outlines business models, startup steps, and even, areas for future advancement as well as an introduction to practicing online earners and experts within the field via included interviews and contributions. Additional chapters cover critical information applicable to all income paths, insight and advice relative to staying on track, and a full chapter of tips, tricks, hacks and solutions for keeping things manageable. Readers also have the support of website dedicated to supporting the development of the reader including a free assessment quiz to help readers identify the best income path for them based on time, resources, level of interest and abilities.
